

# UCLA LOSH IS HIRING! H&S TRAINING COORDINATOR

The UCLA Labor Occupational Safety & Health Program (LOSH) is looking for an individual with a passion for worker and environmental health to join our team.

The Health and Safety Training Coordinator is responsible for overseeing LOSH's program of courses that meet the needs of workers covered by the Hazardous Waste Operations and Emergency Response (HAZWOPER) standard, other health and safety standards, and those working in hazardous work environments.

## REQUIREMENTS

- Master's degree in Public Health or a related field OR equivalent experience
- Commitment to advancing workplace safety and health
- Working knowledge of basic hazard identification and control measures
- Familiarity with industrial hygiene and environmental monitoring equipment/instruments
- Familiarity with State and Federal health and safety and environmental regulatory agencies

## CORE JOB TASKS

- Work closely with LOSH staff and consultant-instructors to provide open-enrollment and contract courses related to hazardous materials handling, hazardous waste cleanup, and hazmat emergency response
- Oversee all logistical aspects of the training program
- Support course outreach and marketing
- Update and adapt training materials and approaches to meet the needs of diverse training audiences

## WHO SHOULD APPLY?

Individuals with the following background and skills are encouraged to apply:

- Training and/or experience in environmental health, occupational health, or industrial hygiene
- Development of curricula and/or training activities
- Working knowledge of adult education principles
- Thrive in a team environment
- Bilingual English-Spanish preferred
