School Action For Safety and Health

FREE Virtual Training Implementing Your **COVID-19 Protection Plan (CPP)** and your **Injury and Illness Prevention Program (IIPP)**:

Tuesday, November 23, 2021 – 10:00 AM - 12:30 PM

This free, virtual course will train you in how to develop and implement an effective health and safety program at your school district that meets the requirements of the COVID-19 Protection Plan (CPP) standard and Cal/OSHA's Injury and Illness Prevention Program (IIPP) standard. Presented by trainers from The UCLA Labor Occupational Safety & Health Program.

TOPICS INCLUDE:

- Meeting Cal/OSHA requirements and expectations for an effective CPP and IIPP
- How to identify and solve common health and safety problems in your school district
- Steps for investigating school-related accidents, injuries, and illnesses
- Involving employees in your safety program

YOU'LL RECEIVE ACCESS TO:

- A free guidebook and easy-to-use model template for writing your CPP and IIPP
- Free factsheets and tools to help you implement your CPP and IIPP
- Resources for technical assistance
- A certificate of completion
