

KNOWLEDGE, SKILLS, AND ACTION FOR SAFE WORKPLACES: August 19 & 21

**FREE, INTERACTIVE,
ONLINE**
Bring a coworker!

The School Action for Safety and Health (SASH) course will teach you how to identify and solve common health and safety problems in your workplace. You will also learn to identify work-related accidents, injuries, and illnesses, and how to involve employees in your safety program. Participants will receive a free printable guidebook and easy-to-use Injury and Illness Prevention Program (IIPP) template as well as factsheets and tools to help you implement your IIPP.
